THE UNDISPUTED SUPERIORITY of the medicinal virtues of Roback's Blood Pills, Stomach Bitters and alood Purifier over all other remedies prepared to relieve suffering humanity, is shown in many ways, but especially is it evinced in this important fact: That responsible druggists all over the country take active interest in introducing them to their best customers and middle their recumlary interest to recommend other medicine. The reason for this is obvious. They are in positions to see the pre-eminent efficacy of the pills in cases of Liver Compiaint and all obstructions of the bowels, and, in fact, in all cases where a cathertic medicine can be employed. While the Bitters, by their gentle tonic, stimulant and laxative properties, and as a safe and certain remedy in Dyspepsia, have won the admiration of every one who has given them a trial, and the Blood Purifier is acknowledged to be one of the best remedies to search out disease, cure Scroiula, Old Sores, Eruptions and skin Diseases and to purify the blood, extant; hence the people must naturally give their voice in f-vor of remedies which effects on much real good in the world.
